SIZING MACHINE FORM

Customer			DATE
Machine			
Reseller			

Gear ratio	*	i
Weight machine at full load	*	kg
Primitive diameter drive wheel (track driven)		m
Diameter wheel (with tyres)	*	m
Numbers of driven wheels	*	N°
Circuit Type		SERIES
		PARALLEL
		PARALLEL - SERIES
Primary Motor Power	*	kW
Maximum engine speed		giri/min / RPM
Maximum translation speed	*	Km/h
Minimum working speed		Km/h
Gradeability at full load	*	%
Voltage		12 V <input type="checkbox"/> 24 V <input type="checkbox"/>
Type of control needed on pump		Hydraulic control without feedback <input type="checkbox"/>
		Hydraulic control without feedback <input type="checkbox"/>
		Hydraulic control with feedback <input type="checkbox"/>
		Manual lever with feedback <input type="checkbox"/>
		Electric impulse <input type="checkbox"/>
		Electric 2 position ON-OFF <input type="checkbox"/>
		Electric proportional with feedback <input type="checkbox"/>
		Electric proportional without feedback <input type="checkbox"/>
		Automotive control <input type="checkbox"/>
Type of control needed on motor		Elettrical <input type="checkbox"/> Hydraulic <input type="checkbox"/>
